

EDUCATIONAL AND CHILDREN'S DEPT

(By Miss Gertrude Hill, Director.)
This department of the Fair promises to be of interest from an educational as well as from the standpoint of beauty and pleasure.

Possibly none of the general departments of the State Fair have been developed along broader lines than the children's work.

Just as greater facilities for a more general education are being developed by schools and colleges, just so does the State Fair keep abreast of the needs of its young citizens and offers them every inspiration by exhibits and premiums to develop their talents and thus become a part of the State's progress.

In the educational features provided, the Child Welfare Department, under the management of Mrs. Eugene Crutcher will represent all interests related to the welfare of the children, and intended especially to point to remedial measures which may improve the common lot of childhood. All aspects of the environment of children is considered:

"Infant Feeding," "Hints on Clothing," "Sanitation" and "Child Labor."

A model school rest room will be fitted up for inspection. The Story Tellers' League and the children's play shops—the indoor play room, and the model play ground, the outdoor play and manual activity in the life of the child—is planned to be one of the best, most useful and instructive of this department. Stories will be told every day, not only to amuse the child but to instruct the older ones "how to tell stories."

The play ground, an immense shady, grassy plot, located just outside the door of the Educational Hall, is under the management of Mr. J. A. Carter of Boys' Club, and Mr. John A. Burt. The play ground is open to all, for play and inspection.

An especially attractive educational feature will be the music under the very capable supervision of Mrs. Prudence Simpson Dresser, who is planning three concerts for the week and a musical lecture from Milton H. Cook. Mrs. Dresser is, herself, of national reputation and these concerts will be of the very highest type and of great educational value.

The catalog of Educational Department contains premiums for boys and girls from six years to eighteen years of age, embracing Fine Arts, Designing, Inventions, Manual Training, Domestic Art Domestic Science, Sunday school work is given special notice, premiums being offered for primary and junior work and is under Mrs. Isaac Sewell, who is known to the whole State as Elementary Secretary of Sunday school work.

A special premium list is offered to pupils of rural schools, also normal schools, city high schools and county schools.

The Commercial Educational Department contains an unusual line of premiums given by Nashville business men. Displays of clerical work, factory work, dry cleaning, candy making, laundry, etc., will be demonstrated daily.

The increased interest in the Children's Department, from number and excellence of exhibits to variety of classes, has necessitated the compilation of a special catalog and a separate exhibition hall.

The catalog was arranged early in the spring and sent all over the State to county superintendents of public instruction and high school principals, asking their cooperation in State Fair work and many have responded.

The Fair management is offering one hundred dollars each in premiums to Boys' Corn Clubs and to the Girls' Canning Clubs of the State.

Mr. Clark Woodward of Middle Tennessee State Normal will send a magnificent display of manual training, and Miss Arther, Domestic Science teacher of the same school, will exhibit.

Mr. S. T. McCaul, of the Tennessee Industrial School, is enthusiastic over his display of the actual work to be shown by his boys. Many of the county and high schools in the State are planning for exhibits and it is expected that the exhibits by individuals will be larger than ever before.

Miss Will Petway is chairman of Children's Work.

We want the boys and girls from over the State to visit the State Fair. No matter in what a child, man or woman may be interested, he or she will find here the best results, inspiration and new ideas ready for inspection and study.

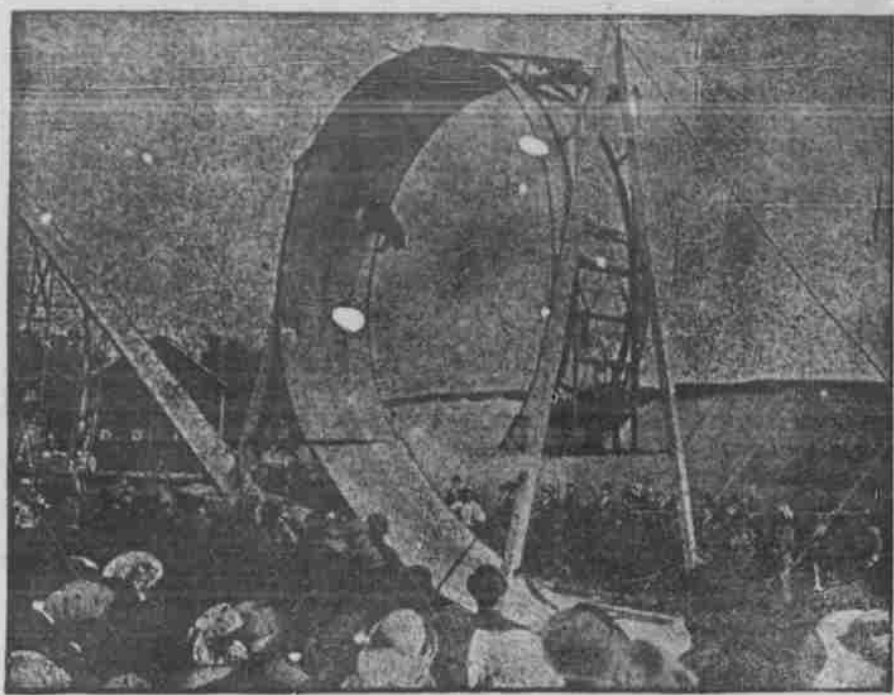

Write for catalog and information. Plan to exhibit for your own good and by your success or failure, help some one else.

"I am going to the State Fair," is your slogan, so prepare to start Fair-ward in September.

HORSE SHOW AT STATE FAIR

Of the agencies that have contributed to the betterment of the different types of horse, none have been as potent as the Horse Show, nor has any other social pastime been as efficient in educating the people along the line of scientific breeding. The Great Tennessee State Fair, which will be held at Nashville September 29-October 4, has provided a list of entertainments for its Horse Show feature which will make it the most unique as well as the most elaborate entertainment of the kind ever attempted in the Southern states. In addition to the ordinary features, there will be many new and novel ideas introduced for the first time, including the musical ride by 30 couples.

Does your husband know just how much you need the little conveniences to make your work easier? Have you ever told him?

Out of Town Notes.

LATHAM NOTES.

The crops, tobacco and corn are very good owing to the lack of rain. The tobacco crop is not as good and great in this neighborhood as it was last year. The corn does fairly well owing to past conditions. Bottom land will make a very good yield this year being favored by not having too much rain and overflow. The tobacco in the bottoms is good and fine. Some of the people of Weakley County are certainly well blest, especially in owning their homes and having plenty. The better part is, they are striving for more.

Hogs, good houses, mules, horses, sheep, goats and children are their delight. Mrs. Thos. Latham, Green Latham, Emit Sutton, Milton Butcher, Samuel Shanklin, Turner Shanklin, and Mr. Dalls Latham all are owners of real estate; owning from 200 acres down to 35 acres, respectively. Mr. Sharber Latham is a big renter with plenty. Burnett Shanklin, Bennie Shanklin, Dick Shanklin and Cap Stovall are share workers having plenty. Tobacco is ripening very rapidly, and much of it is being cut now. The ripening being due to so much hot weather and no rain scarcely. Our school will open the 15th of this month, running five or six months, taught by Prof. Major Boyd of Nashville. Prof. Boyd is visiting the community now, seeing after his work in part.

Mrs. Thomas Latham is on the sick list. Miss Anna Latham is visiting her aunt in Dresden, Mrs. Finas Brown, who is also sick. Quite a sensation in Dresden this week over the trial of a colored man, who was charged with the murder of the town marshal of Martin, Tenn., but he was not guilty and acquitted.

LINDEN NOTES.

The young people of Linden had an enjoyable time at the picnic ground Saturday last. A great barbecue was given; ice cream and cold soda water were other dainties on the menu card. Singing, chatting and merry-making with a background of sweet music enlivened the day. On Friday and Saturday evenings, the beautiful home of Mr. and Mrs. A. D. Catron was thrown open for the pleasure of Linden's young folks. As is usual, Mr. Tom Catron proved himself a genial host. Mrs. Madula Craig entertained Mrs. Lee Odle of Helena, Arkansas and her little brother Julius at a spend the day party last Wednesday. Mrs. David Odle chaperoned a party of young people to Perry County Cave. The party was Mrs. Elizabeth Nance and son of Tom's Creek. Mr. Whig Taylor of Beardstown, Mrs. Lee Odle of Helena, Arkansas, Misses Viola A. Webber and Beatrice Lee of Houston, Texas, Master Julius Odle, Messrs. Eula Craig and Mrs. Addie May Schott and baby. After exploring this great natural curiosity, a melon feast was enjoyed at the mouth of the cave. Dr. Hill the great evangelist will be in our midst

to save souls this week. The young people are making many interesting automobile tours these days since the line has been established to Perryville.

RESOLUTIONS.

Whereas, God in his divine power and wisdom has called from earth to her haven of rest, Sister Nellie Moore; and whereas,

Sister Nellie Moore was an ardent, active, conscientious, and much beloved member of the Dorcasite Class of the S. S. of the First Baptist Church and gave generously of her service to the Sunday School. And whereas,

In the loss of our dear classmate, her home has been made sad and a seat vacant in the Sunday School by paying the debt that we all owe. And whereas,

We, (the Dorcasite Class) of the First Baptist Church feel that it has lost a loyal and faithful member, whose place can never be filled, And whereas,

The soul of this beautiful character whose life has been so full and well spent in service for her church and Sunday School, never missing an opportunity to do good when needed. Be it

Resolved, That we emulate her example which to us will forever be a living testimony of her Christian and child-like spirit. Be it

Resolved, That we bow in humble submission to the will of him who knoweth and doeth all things well. Be it further

Resolved, That a copy of these resolutions be sent to the bereaved family, a copy sent to the Nashville Globe and a copy to be spread upon the class minutes. Respectfully,

Committee: Mrs. W. S. Ellington, Teacher; Mrs. S. P. Harris, Secretary; Mrs. C. V. Young, President.

AMONG THE CHURCHES.

BETHEL A. M. E. CHURCH.

The Stewardess Board of Bethel A. M. E. Church met Friday evening August 29th at the residence of Mrs. Josie Donelson, 823 Gleaves street. Order was called by the president, Mrs. John Crowder and the meeting was opened with devotional exercises "What a friend we have in Jesus" was sung; Scripture reading by Miss Anna Williams; Prayer by Mr. Wm. Tinnon; then again singing the hymn "I will guide thee with mine eye." The minutes of the previous meeting were read and adopted. The president made a short talk principally concerning the quarterly conference the second Sunday in September. After the business part of the meeting was over quite a short but interesting sacred concert was rendered. "Stand up, stand up for Jesus" was sung. The 23 and 24 Psalms was recited by Miss Anna Williams; song "Throw out the life line." Mrs. Josie Donelson read a paper, the subject was Mt. Calvary

(the sacred mountain); Mrs. Mattie Frazier sang "How firm a foundation ye saints of the Lord." Remarks by the pastor, Rev. Porter; song Some day the silver cord will break. The roll was called of the officers and members and each responded to a verse of scripture. After the meeting refreshments were served of which all enjoyed.

Don't Be a Slave to the Coal Bucket

When you buy coal for the range in large quantities you must have room to store it; and if you buy it in small quantities it is expensive.

When the coal bucket is empty, you must carry the coal from its storage place to the range. Why endure this coal bucket slavery, day in and day out? You can have freedom by using

A GAS RANGE

When you use Gas for cooking you require no storage room for fuel. Gas is not expensive to buy in small quantities. Furthermore, there is no back-breaking coal bucket to be carried from the cellar to the kitchen, as the Gas is piped direct to your Gas Range.

Our representatives sell at the same prices you pay at our office. Send for one of them.

MT. JULIET NOTES.

Dr. F. W. Gardner, presiding elder of the South Nashville District, has just closed his quarterly conference here at the Mt. Juliet A. M. E. Church, of which Rev. U. G. S. Brown is pastor. Quite a neat little sum of \$40 was realized. Dr. Gardner preached a strong sermon Sunday morning from St. Luke 10:22 and another excellent sermon at night. Revival has begun here. Dr. Gardner will spend a few days with us in trying to save souls; pray that we may have success. Miss Fannie Williamson, who is teaching at Gladesville, was here last week visiting her parents. There was a party given at the residence of Mr. and Mrs. Percy Branch Friday night. Music and other amusements were enjoyed. Mr. and Mrs. James Lake will occupy the parsonage recently vacated by Prof. and Mrs. J. W. Stanford. Miss Lella Carr is the house guest of Mrs. Louella Martin this week. Mr. Andrew Leftwich, of Nashville, Tenn., was seen with Miss Hattie Branch at church Sunday. Mr. James McFar-

Dr. J. C. Johnson:
I certainly, have given your Lung Vita a fair trial and can truthfully say that it is surely good for Consumption and Asthma. I took a deep cold ten years ago began coughing and spitting up blood. I saw your Advertisement in the Nashville Globe and told my wife I was going to try it. I have used four bottles, the result is that the cough and pain in my lung have entirely ceased. I feel like a different man. You may use my name as a testimonial. I shall tell others who suffer, that your medicine does all that is claimed for it. I will always keep a bottle in the house. May the Lord bless you and your wonderful medicine. May your life be spared a long time that you may help the suffering. I thank you for your kindness while I took your treatment.

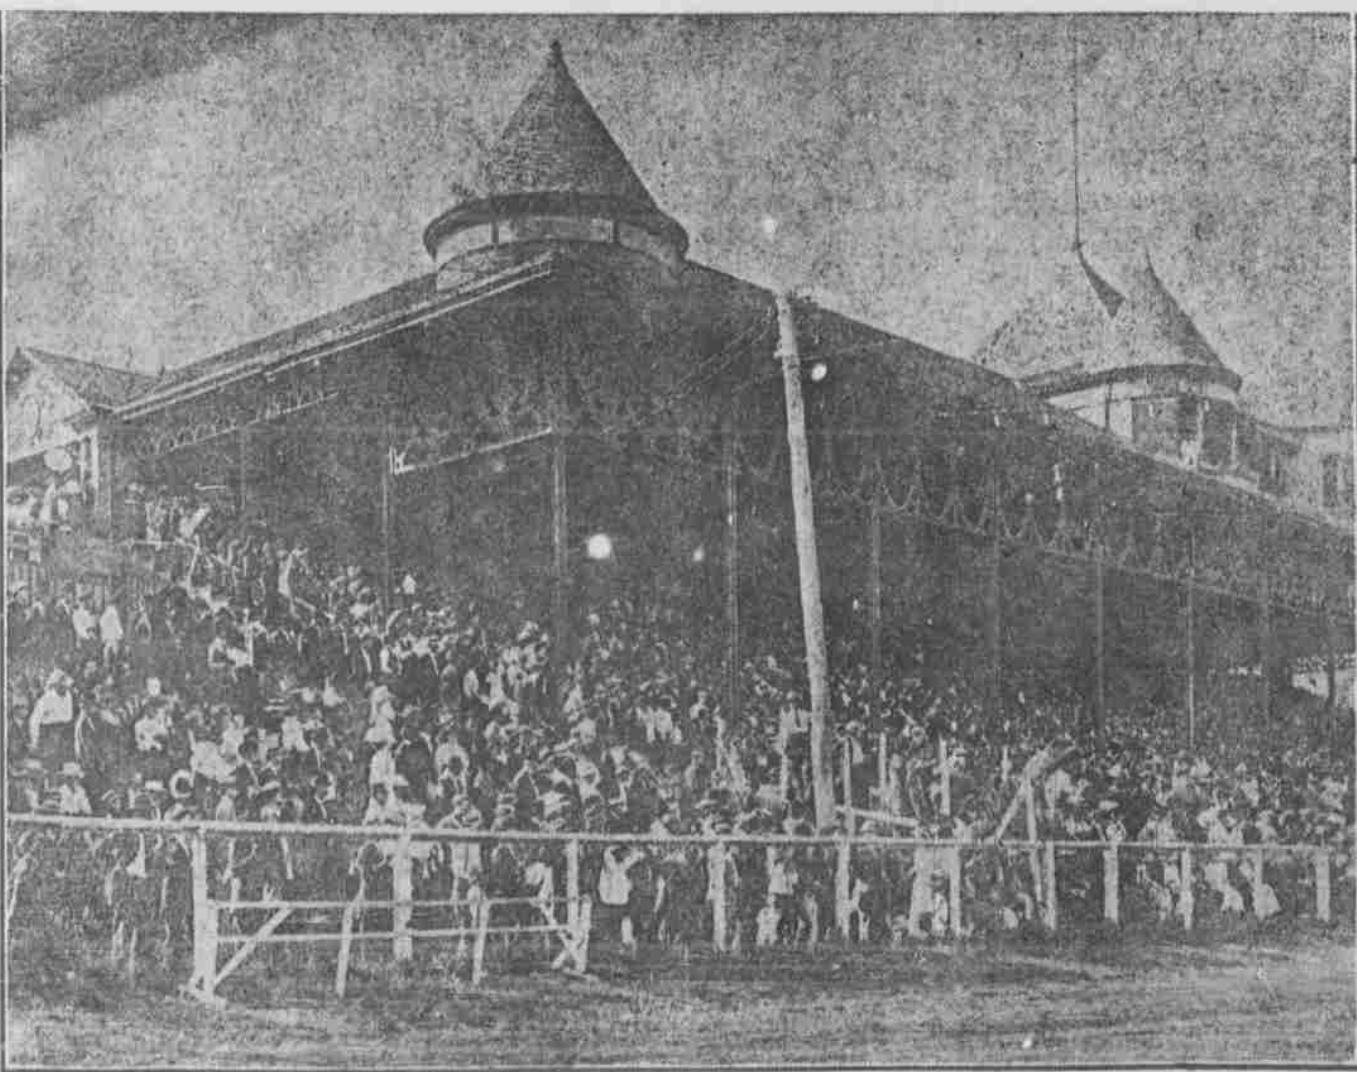

Yours,
